Adam,

In light of the pandemic, this is something we are looking at, just not sure if it is feasible or if we are setting ourselves up for lots of problems.

Deb,

I don't have any information on Drop Boxes that are used for ballots. I have never heard of anything like that being utilized for ballots before. Either the voter dropped them off in the elections office for the county or mailed their ballot back in.

Subject: drop boxes

Hi Adam:

Are there specifics for drop boxes for mail in or absentee ballots? We are looking to purchase drop boxes for outside the courthouse and would like your thoughts, ideas on the process or what is allowable and what is not. Thanks.
